About Alisia

With over 20+ years of nursing experience - most recent years in nursing leadership - Alisia knows first hand how challenging it can be to lead. Through her coaching services, she offers a community of support and empowerment for nurse managers to develop their leadership skills, battle burnout, and smoothly run an effective team of nurses.

Alisia is a busy mother to two dynamic boys, and the proud wife of an amazing man. She is passionate about women's health, especially cardiac care. Through her faith, she believes all things are possible.
